The Midnight Library by Matt Haig

A novel about choices, regrets, and the infinite possibilities of life.

Between life and death there is a library, and within that library, the shelves go on forever. Every book provides a chance to try another life you could have lived. To see how things would be if you had made other choices... Would you have done anything different, if you had the chance to undo your regrets?

Project Hail Mary by Andy Weir

A lone astronaut must save the earth from a disaster of epic proportions.

Ryland Grace is the sole survivor on a desperate, last-chance mission—and if he fails, humanity and the earth itself will perish. Except that right now, he doesn't know that. He can't even remember his own name, let alone the nature of his assignment or how to complete it.
